

### Domain Name Registration

To register your domain name, we require the following information. Please fill in this document and post or fax it back to us. You may also scan it and email it back to sales@ispX.com.au. After receiving your form, we will then register the domain and your web space if you have selected a hosting option option. Information on managing your domain will then be emailed to you.

Please note all prices are INCLUSIVE of GST

**\*\* notes for rules regarding domain registration**

- .com.au is used by commercial entities such as companies with an Australian Company Number and businesses registered with State governments.
- .net.au is recommended for organizations and companies that are using the Internet as an integral part of their operations
- .id.au is reserved for the people of Australia to create their own online identity. Note that the domain name **MUST** be your name or an acronym of your name.
- .asn.au is for **incorporated** associations, trade unions, political parties, sporting and special interest clubs, and partnerships between disparate organisations.
- .org.au is for **verifiable** non-profit and charitable organisations
